THE DOCTORATE – TEXTS AND ECO SYSTEM

Back to School Day for PhD Students - Friday, November 13, 2026 -

Université de Poitiers

Centre des études doctorales
Université de Poitiers - ISAE-Ensma

Université de Poitiers
DD&RS 2022-25
Développement Durable & Responsabilité Sociétale

TEXTS AND ECO SYSTEM

Centre des études doctorales
Université de Poitiers - ISAE-Ensma

1. Regulations and reference texts
2. Research Principles and Values
3. Research ecosystem at the University of Poitiers

Université de Poitiers
1431

Université de Poitiers
DD&RS 2022-25
Développement Durable & Responsabilité Sociétale

Regulations and reference texts

- **Education Code:** Articles L612-7, D123-13, L612-1, L613-1
- **Research Code:** Articles L412-1 and L412-2
- **Order of 25/05/2016:** updated on 26/08/2022 ; defines the framework of the prerequisites to enter the doctorate and then all the steps up to the defense
- **Order of 22 February 2019** establishing the national framework for training and the procedures leading to the award of the national doctoral diploma
- **Order of 23 November 1988** relating to the accreditation to supervise research
- **Decree No. 2021-1572 of 3 December 2021** on compliance with the requirements of scientific integrity
- **European Research Charter and Code** of Conduct for the Recruitment of Researchers

Research Principles and Values

As a researcher, you will be expected to follow the principles of integrity and ethics:

Responsibility

Professional attitude

Relations with research supervisors

Best practices in the research sector

Dissemination and exploitation of results

Social commitment

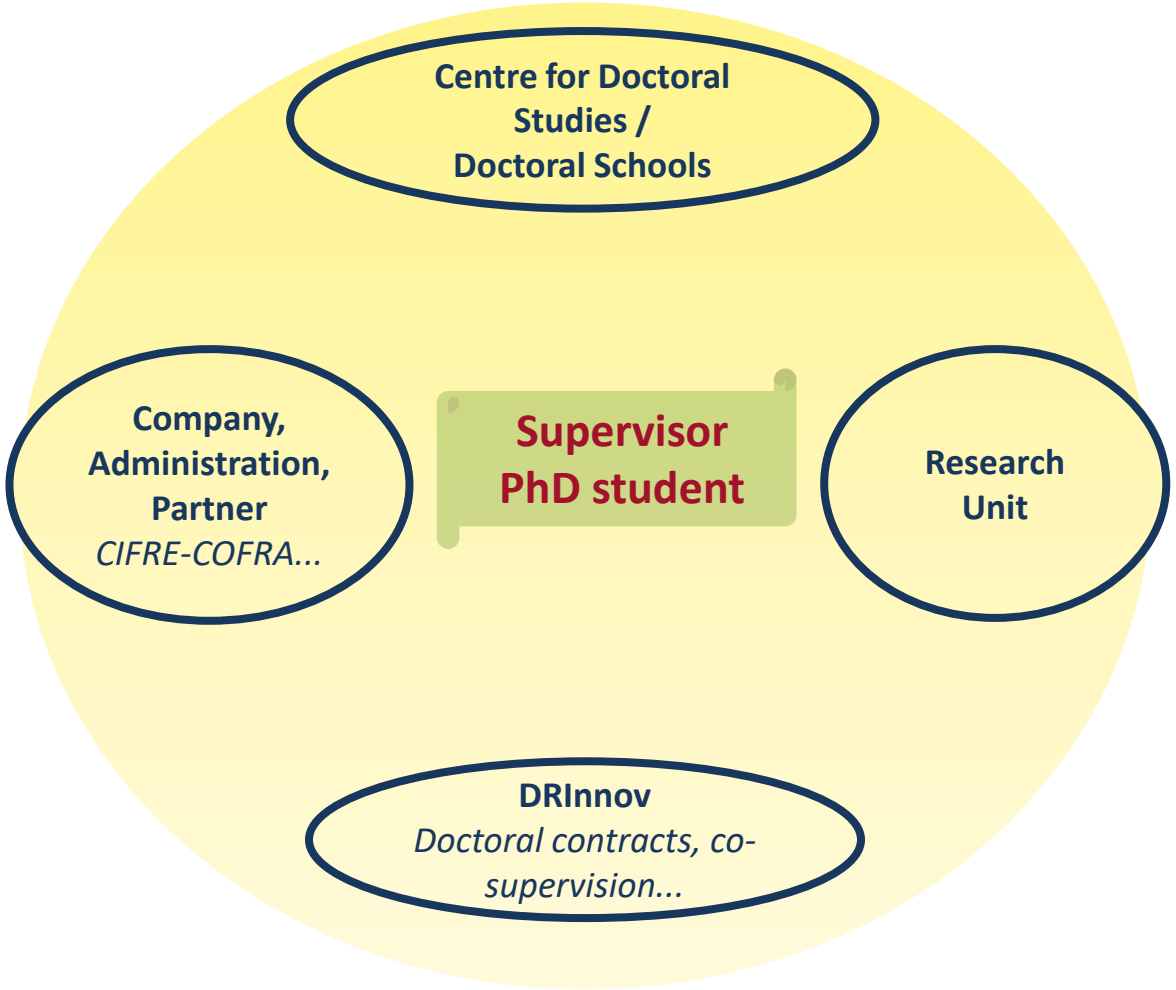

Research Principles and Values

Salzbourg Principles - 2005
And Recommendations 2010

- The doctorate provides **training through original and innovative research work.**
- The importance of doctoral training in meeting the **new challenges of society and preparing for a wide range of careers.**
- **The diversity** of the different doctoral training courses
- Recognition of PhD students **as professionals**
- Importance of **quality supervision and active participation** of the doctoral student in the pursuit of the research project
- **Innovative and disseminated doctoral programs**, in particular through doctoral schools that offer programs
- **Limited thesis duration** (between 3 and 4 years)
- Training structures that make it possible to **offer cross-disciplinary and cross-disciplinary training**
- Interdisciplinary, international and intersectoral mobility (the 3 I's)
- **Funded theses**
